January 29, 2003

Ms. Antoinette L. Kitchen  
Federal Election Commission  
999 E Street, NW  
Washington, DC 20463

Dear Ms. Kitchen:

RE: TN Republican Party Federal Election Account  
NVictory 98  
UFEC Identification Number C00040220  
NAmended April Quarterly Report (1/1/02-3/31/02) dated July 16, 2002

This response is submitted pursuant to your conversation with our treasurer Joe R. Arnold.

We have submitted an amendment addressing the ending cash balance and reconciling it to the previous reports.

We have transferred the following amounts to our non-federal account:

PAmerican General PAC\$3000.00  
PInsurers of Tennessee PAC\$3000.00  
PMontgomery Co Republican Party\$100.00  
PComm. To Elect Bill Dunn\$200.00  
PDavidson County Republican Party\$800.00

Each of these contributions were received and intended to have been reported in the non-federal account but were incorrectly coded and shown as entries to the Federal account.

The contribution from Mr. Steve McDaniel for \$500.00 was an individual contribution and coded incorrectly when it was recorded in the reporting software.

The transaction from the TN GOP Legislative Campaign is a transfer from one of our non-federal accounts. To the extent it was shown on H-4 was in error and will be corrected in a subsequent filing.

We have a continuing problem with being able to correctly denote purpose/event field descriptions using our software product. We will solve this problem and do whatever is necessary to amend any and all reports.

With respect to your comment about our "best efforts" in complying with the requirement to obtain the full name, mailing address, occupation and name of employer for those individuals who contribute in excess of \$200 in a calendar year. (11C-FR 104.3(a)(4)(i)) We routinely mail second requests for the required information. Those requests follow the Commission's guidelines for establishing "best efforts". If we receive a response from these second requests we update our database and prepare a list of the changes information. That information is forwarded to the FEC.

Sincerely,

L. Stuart Dungan
